

National Institute of Technology Durgapur
Centre of Excellence in Advanced Materials

Date: April 25, 2017

Multiple JRF positions available

Advt. No.: NITD/COE/AKC/2017/01/JRF

Applications are invited from eligible Indian citizens who have qualified for fellowship under DST-INSPIRE or UGC-CSIR NET (JRF) may apply to the undersigned along with their CV to pursue Ph.D. in the Department of Physics under the MHRD funded Centre of Excellence in Advanced Materials.

The positions are available in the following main areas of research but other areas may also be considered:

- Carbon nanotube/graphene based supercapacitors
- Dye-sensitized Solar Cells with nanostructured materials
- Lithium batteries with nanostructured materials
- Chemical/gas sensors with nanostructured materials
- Carbon nanotube/graphene based epoxy nanocomposites

Eligibility criteria:

Essential:

1. M.Sc. in Physics/Chemistry/Materials Science or equivalent
2. M. Tech. in Materials Science or equivalent
3. Qualification in DST-INSPIRE or UGC-CSIR NET (JRF)

How to apply:

Send your CV, degree certificates (photocopy) and thesis/ project report/ publication by email to the undersigned latest by May 10, 2017.
